INEOS | GRENADIER

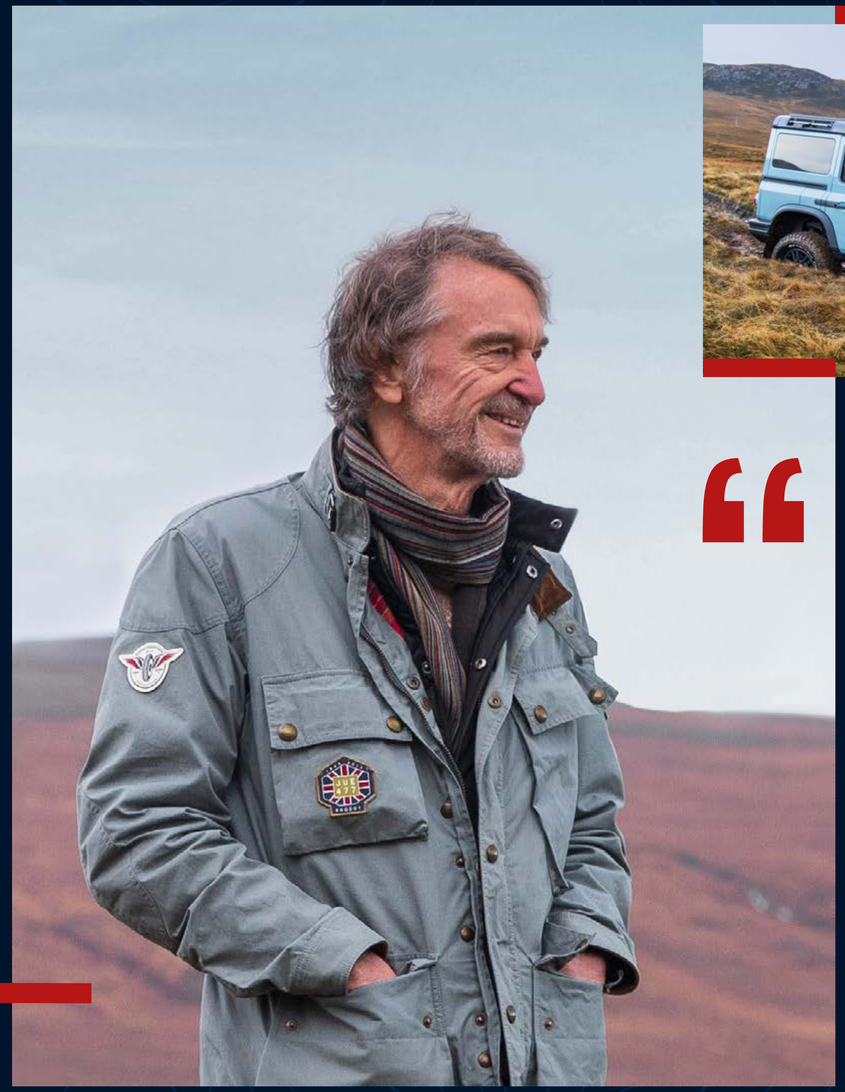
FOREWORD

Written and visual depictions (including photographs, CGI and colors) of the Grenadier Station Wagon or Quartermaster within this brochure maybe taken from European specification vehicles or prototypes and may vary from production models. Specifications and details may be subject to change without notice.

This brochure describes standard features, options and accessories. For further details on these items, please refer to pages 46–52 of this Brochure or contact your INEOS Retail Partner.

Some of the features presented in this document may be optional in North America.

When used herein, "Retail Partner" shall mean any INEOS authorized dealer, repairer or service provider.



“A 4X4 NO-ONE’S BUILDING ANYMORE. THAT’S OUR BLUEPRINT FOR THE GRENADIER: A SERIOUSLY CAPABLE OFF-ROAD VEHICLE ENGINEERED TO FILL THE GAP.”

Jim Ratcliffe

INTRODUCTION

Before we set out to create the Grenadier we listened to what you told us you wanted from a tough off-roader. Then found the best engineering partners for the job. And put our prototypes through punishing global testing for over 1.1 million miles. Quality, utility, durability, reliability, comfort: every detail's been thoroughly thought through then brought to life with expert precision.

Ladder frame chassis engineered by Magna, Springs by Eibach. Award-winning drivetrain from BMW. Five-link beam axles from Carraro. Industry-leading gearbox by ZF. Off-road transfer case designed by us, made by Tremec. Seats by RECARO. Engineering excellence designed and tested to combine high performance with extreme utility. Proven to be able to tackle whatever task or terrain you have in mind. How you use it is down to you.

STATION WAGON

A seriously capable all-rounder. Engineered to be balanced between payload and passenger carrying capability. Ready to tackle trails, twisty lanes, and city streets with equal ease. With a choice of trims and accessories to adapt to your exact needs.

QUARTERMASTER

For even more versatility when carrying awkward loads on extreme off-road terrain. The size of the load bay, paired with unrivalled off-road capability among pick-ups, means you can carry even the most impractical of loads to remote destinations. All with seating for five and a choice of trims and accessories tailored to your needs.

EVERYDAY EXPLORATION

INEOS | GRENADIER

EVERYDAY EXPLORATION

The Grenadier is a rugged, reliable, expertly engineered 4X4. But it's also much more than that. It's comfortable. Functional. Highly versatile. Tuned and balanced to perform how you need it to both on road and off. And designed to carry out whatever task your life throws at it.

So it's your family car, your tough everyday work vehicle, your weekend adventurer. Year after year after year. A 4X4 engineered precisely both for you, and the generations to come.

> "THE GRENADIER IS A UTILITARIAN THROWBACK WITH MODERN TOUCHES, MECHANICAL WHERE IT CAN BE BUT ELECTRONIC WHEREVER NECESSARY. FEWER ENGINE CONTROL UNITS EQUAL MORE SIMPLICITY."

MERCEDES LILIENTHAL
NEW YORK TIMES

*Aftermarket towing mirrors and trailer pictured are not offered by INEOS Grenadier. Bull bar not available in North America.

OUT AND ABOUT

Whatever speed you're travelling, or road conditions you're driving on, the Grenadier's expertly engineered design means it's highly responsive, well balanced, and fun to drive.

The award-winning straight-six 3.0L turbo **BMW engines** combined with the proven 8-speed automatic **ZF transmission**, recalibrated and fitted with a heavy-duty torque converter, give you the power and seamless smooth shifts to adapt effortlessly to any type of road. Plus permanent four-wheel-drive gives you traction you can trust.

Rely on the stopping power of a brakes system developed by specialists **Brembo.** Impressive, controlled performance that keeps you on the safe side. Progressive, **Coil Springs** manufactured by industry leaders **Eibach** absorb speed bumps and potholes and give a smoother ride across rough terrain. Add the Grenadier's chassis, anti-roll bars and five-link suspension set-up developed, tuned, and calibrated by **Magna**, and you can be sure of sharp, confident handling on any road.

> "WHEN YOU COMBINE ITS OFF-ROAD CAPABILITY WITH THE CLASS-LEADING PAYLOAD, YOU ARE REWARDED WITH A VEHICLE THAT IS READY TO TAKE YOU TO THE REMOTE CORNERS OF THE GLOBE, AND BACK AGAIN."

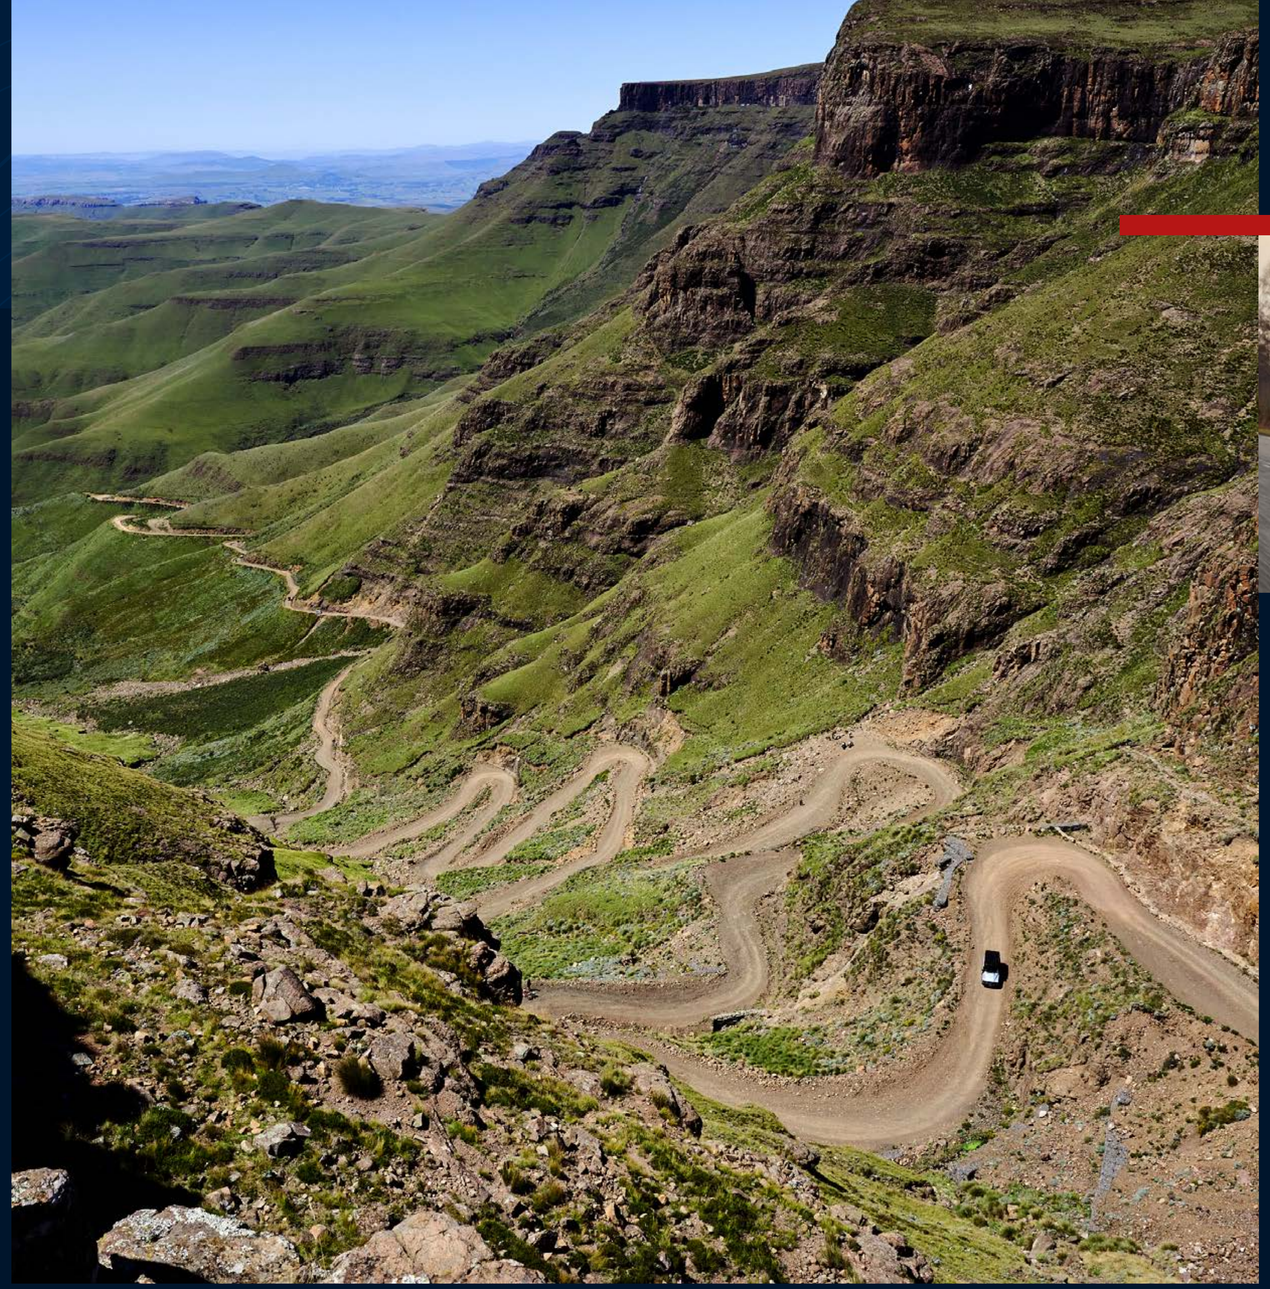
SCOTT BRADY
EXPEDITION PORTAL

GRAND TOURING

When you hit the highway, you'll find the Grenadier has been developed and engineered to be a smooth, comfortable, safe place to be. **Cruise control** on, a spacious and light cabin, supportive **seats** (heated if you need them)[1] crafted by iconic car seat maker **RECARO.** All combine to help you go the distance. Got little ones on board? **ISOFIX/iSize** keeps them secure, while the tough **Utility Trim** is really easy to clean.

Long drives give you plenty of time to appreciate the small things. Those little details that can make even the longest journeys a pleasure. Enjoy extra refinement with our **Saddle Leather Driver's Pack.**[2] And add supple full-grain **Leather Trim**[3] and **Carpet Flooring**[4] for extra comfort. Whether crossing a continent, tackling a lengthy commute, or taking that long-anticipated family trip, the Grenadier's interior is a great place to be as the miles roll by.

[1]Optional feature. Standard on Grenadier Fieldmaster Edition.
[2]Optional feature. Please note the important warranty terms and conditions relating to this option. See page 62.
[3]Optional feature. Standard on Grenadier Fieldmaster Edition.
[4]Optional feature.



"THROW IN AN EXCELLENT SET OF FRONT SEATS (RECAROS, BY THE WAY) AND THE DRIVE RESULTED IN FAR LESS FATIGUE THAN EXPECTED, MAKING IT A WELL-ROUNDED VEHICLE THAT YOU CAN DRIVE TO AND THROUGH THE TRAILS"

JONATHAN YARKONY,
DRIVING

MOUNTAIN HIGH

The mountains are calling. Load the bikes, kayaks, climbing gear, skis. Then head up the winding roads to adventure. Every aspect of the Grenadier is precisely thought through – from the commanding driving position, central instrument display and large mirrors, to the excellent front and rear visibility. Constantly aware of other road users, and with a clear view of the scenery on the way up you alert a group of cyclists (or the wildlife) with the discreet Toot Button. And after 1.1 million miles of global testing, including inside the Arctic circle, slippery snow on the switchbacks is no problem, with **Permanent Four-Wheel-Drive, Driver Assistance Systems, ABS** and **ESC** keeping you in charge at all times.

A TESTING PROGRAMME BUILT ON PURPOSE.

BIG CITY LIGHTS

Shops, movies, restaurant, workplace. Wherever you're planning to pull up, make light work of heavy traffic with ECO Stop/Start. Have your favorite songs on tap thanks to **SiriusXM®[1]** and our **Advanced Sound System[4].** You can also easily access podcasts and playlists with **Android Auto™[2]** and wireless **Apple CarPlay®[3].**

The INEOS Grenadier comes with a 3-month SiriusXM trial subscription so you get the ultimate entertainment experience, featuring SiriusXM's expertly curated ad-free music and exclusive artist dedicated music channels, premium sports coverage with live play-by-play from every major sport, and sports talk including all of SiriusXM's official league and college conference channels. You also get Howard Stern, exclusive comedy, talk, and news. Discover even more when you stream on the SXM App, with Xtra music channels for any mood or activity, podcasts including SiriusXM originals, personalized Pandora stations and SiriusXM video including Howard Stern.

Need to check where you're meeting friends? Bluetooth connectivity and voice control means simple hands-free calls. Need a shortcut? Find it using Waze, Google Maps, or whatever app you choose. Maps, media, phonebook – it's all at your fingertips via the multifunction steering wheel, the Central Control System's easy to navigate touchscreen, or the Rotary Controller.

When you reach your destination, slot the Grenadier into the tightest of spaces using **Parking sensors** and the **Rear-View Camera.** Then head off safe in the knowledge the standard alarm or **Advanced Anti-theft Alarm and Immobilizer** is protecting your vehicle, wherever you parked.

Don't drive while distracted or while using handheld devices. Use voice-operated systems when possible. Not all features are compatible with all phones.
[1]Vehicle will include 3-month trial subscription for SiriusXM.Your service will automatically stop at the end of your trial subscription unless you decide to continue service. See important information about SiriusXM on page 62.

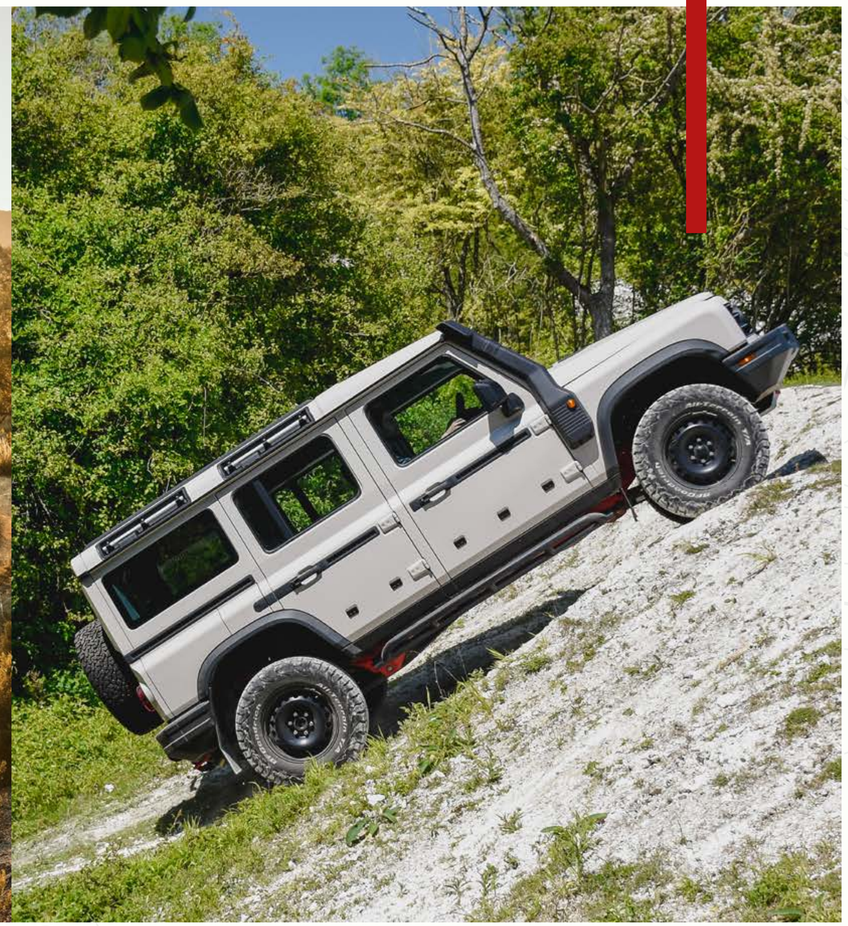
[4]Optional feature. Standard on Grenadier Fieldmaster Edition.

HARD AT WORK



INEOS | GRENADIER

HARD AT WORK

The Grenadier is an expert off-roader engineered for extraordinary purposes. Designed, tested, and constructed to get the job done. Tough, capable, durable, and built to last. Prepared for all weathers, and all terrains, year in, year out. A working tool you can always rely on. Where you use it, how you use it, and what tasks you set it is down to you.

GETTING THE JOB DONE

No matter how tough your working conditions the Grenadier won't let you down. With the **Station Wagon's** unique **30/70 Split Rear Doors** you have quick easy access for smaller items or full width loadspace in tight spaces. And with a trailer attached. Or make use of the reinforced, full length **Quartermaster** bed and drop-down tailgate ready to carry bulky cargo, kit or tools. And tow up to 7,716 pounds** with confidence with **Trailer Stability Assist.** Fold the **60/40 Split Folding Rear Bench Seats** flat for 70 cubic feet of loadspace in the **Station Wagon.** The **Utility[1] Rails**, and **Tie-Down Rings[2]** lets you secure your kit. Climb up the aluminium **Access Ladder** to the Station Wagon's roof. And use the **Roof Rails** to strap down whatever you need up top. Plastic Roof Strips will grip cargo and protect your paintwork. Want to keep mucky things separate? Stick gloves, ratchet straps, or wellies in the handy **Spare Wheel Lockable Storage Box[3].**

Years in the field take their toll. So the Grenadier's ladder frame is treated with powerful **Anti-corrosion Protection** that combines E-coat, powder coating and hot wax dip. Another innovation from our engineering partners Magna, with a 12-year anti-perforation warranty*.

"THE INEOS GRENADIER LOOKS AND FEELS LIKE THE AUTHENTIC OFF-ROADER AND OVERLANDING RIG IT IS."

CHRIS PAUKERT
EDMUNDS (US)

*Please refer to the INEOS Automotive Manufacturers Warranty Terms and Conditions for all exceptions.
** Before you use the Grenadier for trailering, carefully review the towing section of the Grenadier Owner's Manual. The towing capacity of your Grenadier may vary. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.
[1]Optional feature. Standard on Grenadier Trialmaster Edition.
[2]Accessory. To be fitted by retailer partner. Not considered on the vehicle's CO2 calculation and subject to fitment price.
[3]Optional feature.

OFF-ROAD OFFICE

The Grenadier's interior is designed to be comfortable, functional, and clearly and logically laid out. Purpose built, with clearly labelled, well-spaced chunky buttons to be useable with gloves on. Every element thought through with a clear understanding of what you need, whatever the task. Like the stylish yet uncomplicated aviation-inspired **Overhead Control Panel**, designed to keep off-road switchgear out of the way. In severe terrain the central rotary knob means there's no need to use the touchscreen. No amount of mud, sawdust, or wet work clothes will stop you getting the job done.

Pre-wired auxiliary switches or the 400W Power Take-Off[1] to power extra kit. Super supportive seats from renowned manufacturer **RECARO.** Utility, useability, and comfort, however long your working day.

When the job's done, simply hose down the Heavy Duty Utility Flooring thanks to the drain valves and splashproof interior. The hard-wearing **Heavy-Duty Seat Covers**[2] offer even more protection.

[1]Optional feature. Standard on Grenadier Trialmaster Edition.
[2]Accessory. To be fitted by retailer partner. Not considered on the vehicle's CO2 calculation and subject to fitment price. European specification shown.

FULL RECOVERY

Whatever job you do, you need a 4X4 that won't let you down. For some, lives depend on it. Partnering with mine-clearing experts The HALO Trust through testing, development and beyond has helped us push the Grenadier's engineering and design to ensure the durability and reliability you need.

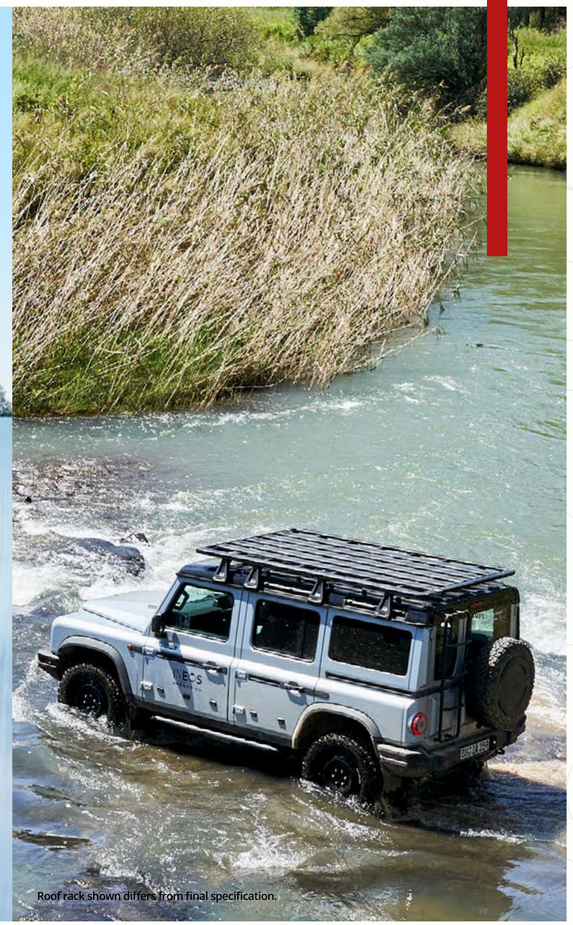
Tailor yours anyway you need to with **10- or 25-Amp pre-wiring** built in to easily add beacons, blue-lights, sirens, searchlights, and other exterior lighting. When the weather closes in, use the powerful **40-inch Lightbar***[1] accessory. Set about recovery with four heavy-duty **Towing Eyes**, and the factory-fit, **integrated Winch**[2]. Precision machined to a meticulous design by renowned RED winches, 12,125 pound of winching power**.

[1]Accessory. To be fitted by retailer partner. Not considered on the vehicle's CO2 calculation and subject to fitment price.
[2]Optional feature.
*Please see full disclaimer on page 62.
** Before you use the Grenadier for winching, carefully review the winching section of the Grenadier Owner's Manual.
The winching capacity of your Grenadier may vary.
European spec winch bumper shown, USA / Canadian spec may vary.

"HAVING TRAVELLED TO A NEW NUMBER OF PROGRAMMES ALREADY WITH THE HALO TRUST (CAMBODIA, ZIMBABWE, UKRAINE AND NOW KOSOVO) IT'S CLEAR THAT THE GRENADIER WOULD BE UP FOR EVERY TERRAIN THAT WE OPERATE IN NOW AND IN THE FUTURE. IT'S EXTREMELY IMPORTANT THAT THE JOB THAT WE DO, WE CAN'T DO WITHOUT VEHICLES SO WE NEED A VEHICLE THAT WILL BE ABLE TO GET US THERE AND GET US BACK."

PAUL BRADFORD
GLOBAL FLEET MANAGER,
THE HALO TRUST

AT HOME OFF-ROAD



Roof rack shown differs from final specification.

INEOS | GRENADIER

AT HOME OFF-ROAD

Getting on with work, hitting forest trails, navigating boulder fields, dune bashing. Slippery, deep, rutted, rocky. Off-road terrain comes in many forms. So, you need a 4X4 engineered and tested to tackle every eventuality. From power, torque, and grip to rugged beam axles and constant traction, we've worked with our expert automotive partners to create a 4X4 fully prepared for wherever you choose to take it. And that lets you keep your eyes on the trail and hands on the wheel. The ground underneath you may change, the Grenadier's capability does not.

> THE GRENADIER TURNS TRAILS THAT'D MAKE A HIKER COLLAPSE INTO A NON-EVENT.

KYLE KINARD
ROAD AND TRACK (US)

GETTING STUCK IN

Slick or sticky, deep or boggy, you need to know your 4X4 can handle any surface. Our choice of **Bridgestone All-Terrain** or **BFGoodrich tyres*** means you're always prepared.

Over 1.1 million miles of testing proved the **Permanent Four-Wheel-Drive** provides reliable, instant traction while **ZF's** expertly developed **8-speed automatic** transmission provides seamless shifts to maintain momentum.

When the going gets really tough, drop the custom-made **Transfer Case** into low range, for a 2.5:1 gearing reduction that provides more torque at slower speeds.

Lock the centre differential and hit the optional individual front and rear differential switches for a full, three locking diff set-up*. All to keep you moving even when only one wheel has traction.

*Optional feature. Standard on Grenadier Trialmaster Edition

INEOS | GRENADIER

DUNE BASHING

Taking on desert dunes is a true off-roading adventure. And for that you need the right tool. The Grenadier's **Traction Control System**, perfected for our 4X4 by engineering experts BOSCH, takes shifting sand in its stride. And monitors wheel slip and selectively applies brakes to regain traction. **Downhill Assist** keeps you on track on the way down as the **Raised Air Intake**[1] sucks in clean air to keep your filters clear.

Sometimes you'll dig in. Drop your tyre pressures then monitor them with the **TPMS** (Tyre Pressure Monitoring System) on the central touchscreen. Add mounting options for spades and sand ladders[2]. Then, when dusk approaches but you want to carry on, toggle on the powerful **LED Auxiliary High Beam Lights** to show the way ahead.

Roof rack shown differs from final specification.

[1]Optional feature. Standard on Grenadier Trialmaster Edition.
[2]Accessory. To be fitted by retailer partner. Not considered on the vehicle's CO2 calculation and subject to fitment price.

ROCK SLIDING

Driving tough trails in a 4X4 takes commitment, grit, and skill. It also takes an off-roader that can handle whatever you throw at it. Tough, capable, engineered without compromise, and built to last, we've tested every aspect of the Grenadier in the harshest conditions.

Engineered by us and built by TREMEC, the rock solid **Two-speed Transfer Case** keeps its cool thanks to an external oil cooler. A wheel at each corner ensures short overhangs front and rear. With ground clearance, and approach and departure angles that are up to the toughest challenge.

> **"THE SUSPENSION IS AN OFF-ROADER'S DREAM. YOU CAN SEE THE SOLID AXLE ABOVE, WITH A RATHER FLAT CENTER DIFFERENTIAL HOUSING, WHICH IS SOMETHING I DON'T THINK I'VE EVER SEEN ON A PRODUCTION VEHICLE.THAT'S NICE AND COMPACT AND HIGH OFF THE GROUND."**
>
> **DAVID TRACY,**
> THE AUTOPIAN

Strong, straightforward, coil sprung, **Solid Beam Axles** engineered and built by expert partners Carraro offer exceptional wheel articulation and traction, so you can make full use of the power being sent to the wheels. Plus superior flex while maintaining grip to deal with the most uneven ground. The **Underride Protection and Rock Sliders*** ensure all your Grenadier's essential components and bodywork stay protected.
The central touchscreen continually displays feedback so you're always sure of your surroundings. Need fewer distractions? Activate **Off-Road Mode**, cut the noise and focus on finding your line. Hitting deep water? Switch your engine fans off with **Wading Mode.**

*Accessory. To be fitted by retailer partner. Not considered on the vehicle's CO2 calculation and subject to fitment price.

EXTREME CONDITIONS

INEOS | GRENADIER

EXTREME CONDITIONS

You've prepared for the trip. Plotted the route. Filled the jerry cans and stashed the kit. Time to put your plan into action. Overlanding in Utah. Crossing the Nullarbor. Seeking out the big five in the Serengeti. Heading up to ski a glacier. Peddling a mountain, paddling a lake, searching for that legendary surf spot. The Grenadier is engineered to get you and your gear there and back again. However remote the destination.

THE ROAD LESS TRAVELLED

Heading off the beaten track isn't just about the destination, it's about the experience of getting there. With the Grenadier you're all set. Simply load up your gear and go. Activate our unique off-road **Pathfinder Navigation* system** to plot your own route and mark waypoints using GPS coordinates and your Grenadier will show you the way back.

A **Full-Size Spare Wheel** comes as standard, and you can add the extra **Spare Wheel Bracket**[1] on the **Roof Rack**[1] to sling another wheel up top as backup for the backup. There are loads of Roof Rack attachments, so when you find that far-flung beach or isolated lake, you're ready to set up camp.

> "WE DIDN'T FIND ITS LIMITS ON A LONG OFF-ROAD TEST IN THE SCOTTISH HIGHLANDS, BUT IT WILL TAKE YOU FURTHER THAN YOU DARE GO."

BEN OLIVER
ROBB REPORT (USA)

[1]Accessory. To be fitted by retailer partner. Not considered on the vehicle's CO2 calculation and subject to fitment price.
*Map coverage available for the United States and Canada.

ROOM, WITH A VIEW

Incredible wildlife. Spectacular landscapes. Memorable sporting moments. Prepare to pack the tripod, camp chairs and picnic box for the day ahead. And keep any electronics separate and safe in the **Underseat Dry Stowage.**

Parked up, chairs out, open the **Batwing Side Awning**[1] for 270 degrees of shelter. Pop the **Safari Windows**[2] out for a great viewpoint, perfect for watching wildlife or checking out the surf. And if you head off into the wilderness on foot, keep your valuables out of sight in the **Lockable Central Stowage Box.**

[1] Accessory. To be fitted by retailer partner. Not considered on the vehicle's CO2 calculation and subject to fitment price.
[2] Optional feature. Standard on Fieldmaster.

HAUTE ROUTE

Ski touring, mountain biking, road bike climbs – when you need your mountain fix the Grenadier is ready. Winter or summer, whether Quartermaster or Station Wagon, simply load your kit into the back or up top on the high strength, lightweight **Roof Cross Bars*** and hit the heights. When the cargo bed or inside is full, stick extra clothes and gear in the weather-proof **Roof Mounted Cargo Box*.** Or use the roof to attach your bikes using the **Roof Mounted Bike Carrier*** or skis and snowboards on the **Roof Mounted Ski/Snowboard Carrier*.**

> **“BEHIND THE SEATS, A SPLIT TAILGATE SWINGS OUT TO REVEAL THE LARGEST TRUNK OPENING I’VE EVER SEEN. IT’S CAVERNOUS.”**
>
> **MATT BUBBERS**
> TORONTO GLOBE & MAIL

Bike not included.
*Accessory. To be fitted by retailer partner. Not considered on the vehicle’s CO2 calculation and subject to fitment price.

GRENADIER X BELSTAFF

GRENADIER | BELSTAFF

Authentic, uncompromising products built to take on the outdoors. Made to move. And engineered to last. For people who question, challenge, and explore what's possible. And embrace the road less travelled. That's Belstaff clothing and INEOS Automotive's shared philosophy. One we've expanded together for the launch of our Grenadier Fieldmaster and Trialmaster Editions. Two trims combining the two companies' qualities, outlooks, and attitudes.

THE TRIALMASTER

Cut from 6oz British Millerain waxed cotton and featuring both a slanted map pocket and an ergonomic pivot shoulder for improved movement, the Trialmaster was created in 1948 at the request of professional Trials biker and Irishman, Sammy Miller. It remains a covetable classic to this day.

THE FIELDMASTER

Designed for life in the outdoors, the Trialmaster's younger brother has a roomier fit, cropped body and more modern, functional styling - perfect for a day's driving.

Moto racer John Lee competes in the Scottish Six Days Trial on his BSA C15 wearing his customized Trialmaster jacket, 1960

EDITIONS

GRENADIER

A blank canvas for you to configure to your exact needs. A stripped back, no nonsense workhorse that is Built on Purpose for the world..

GRENADIER TRIALMASTER

For the most extreme off-road conditions, the Grenadier Trialmaster Edition ensures there are no limits to your adventures.

GRENADIER FIELDMASTER

For exploration and escapism without a fixed destination. The Grenadier Fieldmaster Edition gives you the option of anywhere.

When used herein, "Retail Partner" shall mean any INEOS authorized dealer, repairer or service provider.

FINANCE

FINANCE

Our dealership network throughout North America is there when you need expert advice or are ready for a test drive. We have chosen our dealer partners because they really "get" off-road vehicles. All of our dealers are trained and supported by our own technical teams and INEOS Automotive HQ. You can find your nearest dealer with our online map.

INEOS Automotive Finance offers a variety of lease and retail finance options for Grenadier customers who prefer not to pay cash at the time of purchase. Get customizing through our online configurator.

LEASE

Leasing through INEOS Automotive Finance provides flexible terms and mileage options to meet your requirements. Monthly lease payments are typically lower than retail finance payments when compared over the same term, offering financial flexibility.

RETAIL FINANCE

Financing through INEOS Automotive Finance means no mileage limitations on your vehicle and allows for enhancements or modifications to your Grenadier Station Wagon or Quartermaster.
Financing can also spread the cost of your Grenadier over a period that is appropriate for your needs.

When used herein, "Retail Partner" shall mean any INEOS authorized dealer, repairer or service provider.

For more information, visit our how to buy webpage.

SERVICING

Regular service by INEOS-trained technicians is available at our Retailer Partners and authorized service providers. It is our aim to develop a comprehensive and expansive service network in order to support you, wherever your Grenadier Station Wagon or Quartermaster may take you.

LIMITED WARRANTY

Durability and reliability are core to the Grenadier Station Wagon and Quartermaster DNA. We're confident in the engineering and we've proven the vehicle's capability and quality over 1.8million miles. Backed by our comprehensive new vehicle limited warranty.

OVERVIEW

Manufacturer's Limited Warranty[1]	5 Years - 60,000 miles
Limited Paint Warranty[2]	3 Years - 60,000 miles
Limited Whole Vehicle Anti-Perforation[3]	12 Years
Accessories	3 Years

PARTS

We know waiting for parts can be an inconvenient. So we are developing an extensive parts network supported by regional hubs and logistics partners.

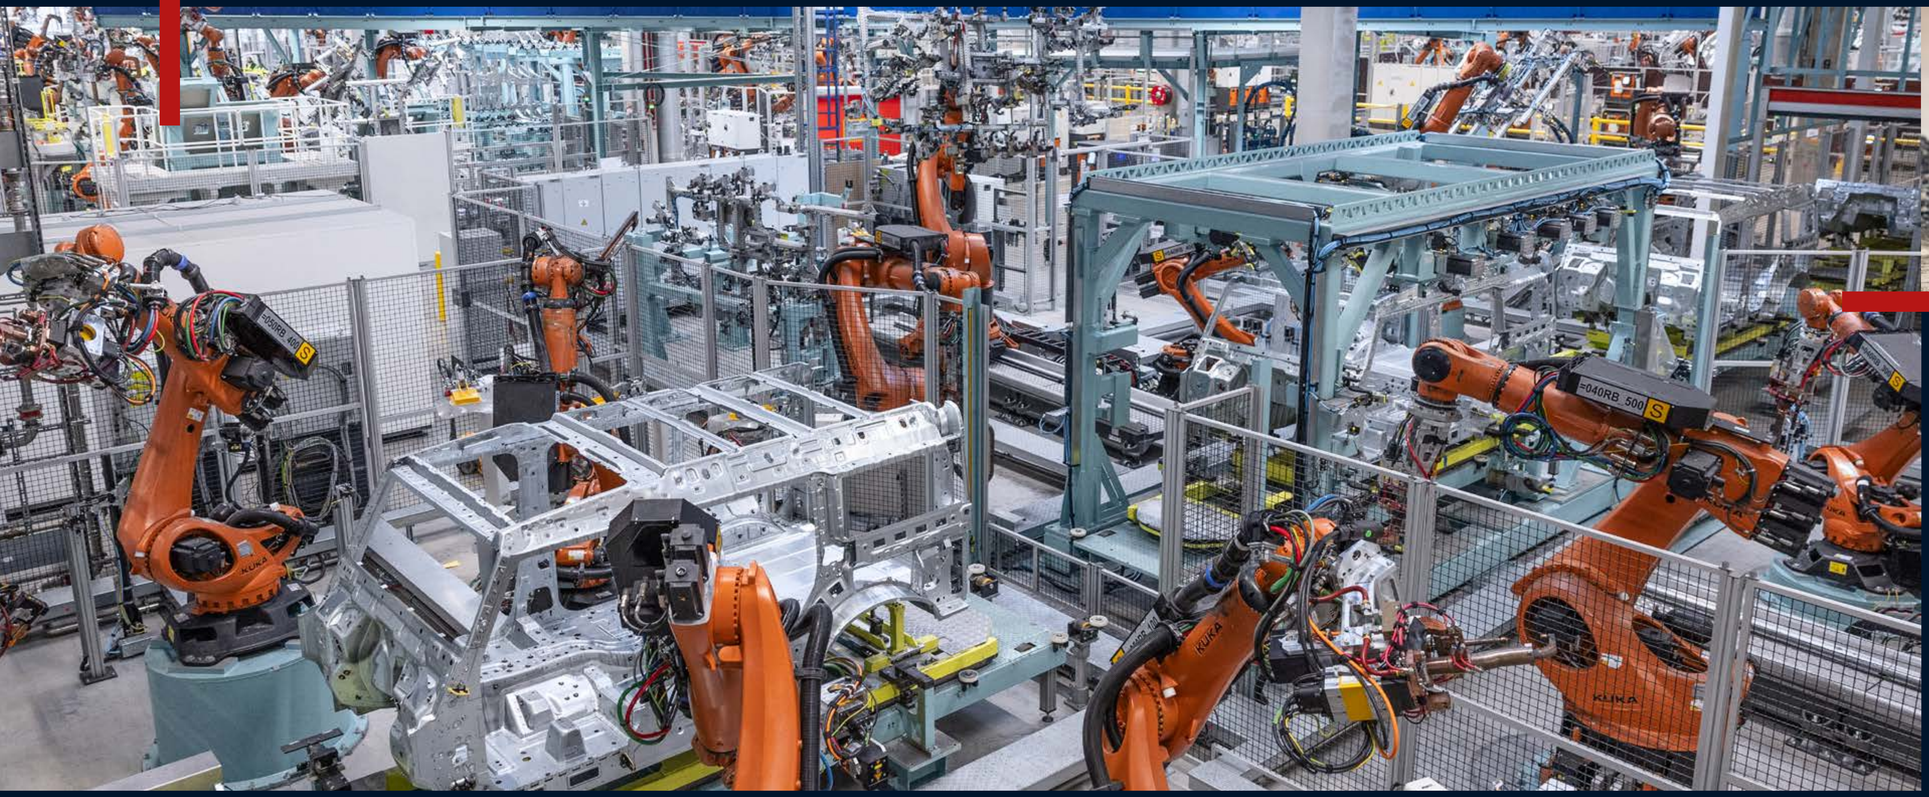
[1]INEOS will warrant each 2024 Grenadier for 5-years/60,000 miles(whichever comes first; see dealer for details), from the original in-service date of the vehicle, for warrantable repairs that are required as a result of defects due to materials and/or workmanship.
[2]Paint coverage covers any repairs, replacements, or adjustments needed to correct defects in materials or workmanship for original factory paint for 3 years/60,000 miles (whichever comes first; see dealer for details) from the original in-service date of the vehicle.
[3]The Anti-Perforation coverage covers any repairs, replacements, or adjustments of the body sheet metal panels and the chassis frame on a vehicle that suffer from inside-to-outside perforation from corrosion as a result of defective materials or workmanship for 12 years from the original in-service date of the vehicle. The coverage, however, requires that the Covered Vehicle is inspected, and repaired, if necessary, annually by an INEOS Automotive Approved Workshop.

JOIN OUR SQUADRON

Forging a new path doesn't mean travelling alone. Join our Squadron, our insider community of drivers, and get early access to new products and curated experiences. Secure exclusive access to Grenadier off-road events. Get new merchandise, accessories and upgrades before they become available. And go behind the scenes of this purpose built 4X4.

THE RIGHT PRODUCTION SITE

From the off, we've understood what you need from your Grenadier Station Wagon and Quartermaster. A rugged, capable off-roader designed to tackle the toughest of tasks. A 4X4 assembled by experts with the uncompromising build quality and engineering excellence you expect. And a vehicle built to last in a technically advanced facility. We invested an extra $50m in a new paintshop, fully automated bodyshop, and quality center at our state-of-the-art factory in Hambach, France. Now we have 2.3million sqf housing 1,000 highly experienced workers with an excellent reputation for quality. And 20,000 hours of Grenadier-specific training under their belts. First they produced production prototypes, now they're on the line making Grenadiers for you.

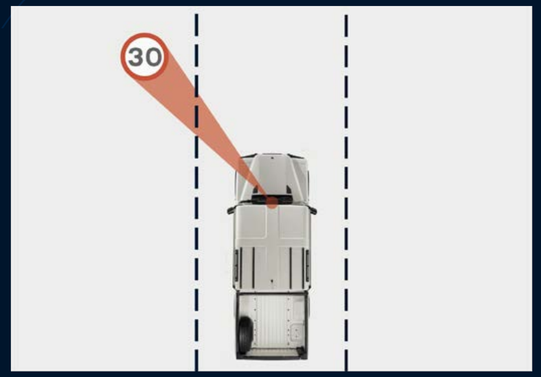


"IN HAMBACH WE'VE ACQUIRED THE IDEAL FACILITY, WITH ALL THE EXPERTISE AND ENGINEERING EXCELLENCE WE NEED TO PRODUCE THE QUALITY VEHICLES WE'VE SET OUT TO BUILD."

LYNN CALDER
CEO, INEOS AUTOMOTIVE

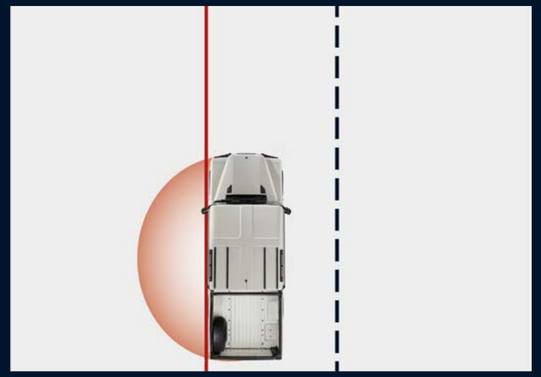
DRIVER ASSISTANCE

DRIVER SYSTEMS



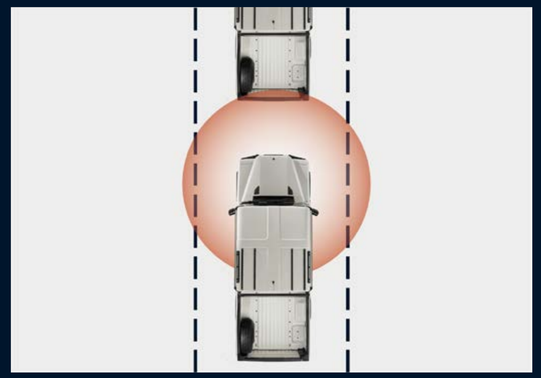
INTELLIGENT SPEED ASSISTANCE

Assists drivers in adhering to the speed limit. The vehicle takes takes speed information from maps and traffic signs, notifying the driver when they are above the prescribed speed limit.



LANE DEPARTURE WARNING

Alerts the driver when they are too close to lane markings without using their turn signals, sending an audio-visual alert to the driver.



ADVANCED EMERGENCY BRAKING (AEB)

AEB monitors the vehicle's surroundings and will automatically intervene and brake the vehicle without the driver's influence if it detects the likelihood of a collision.*

DRIVER DROWSINESS DETECTION

Monitors driver fatigue and determines if the driver is drowsy, an audio-visual alert recommends taking a break.

Performance of ADAS may be reduced due to weather, obstructions and/or damage interfering with sensors and cameras. It is intended as driver support only and the driver is responsible for full control of the vehicle in all situations.
***System does not react to scooters, cyclists, pedestrians, and animals.**
Upon reaching Model Year 24, all Grenadier products (dependent on market) will have driver assistance systems as standard.

INEOS | GRENADIER

We believe the information and specifications in this brochure to be correct at the time of publishing. INEOS reserves the right to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Your INEOS dealer is the best source of the most up-to-date information on Grenadier vehicles. Specifications, dimensions, measurements, ratings and other numbers in this brochure, on our website and other printed materials provided at the dealership or affixed to vehicles are approximations based on design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of publication, please check with your INEOS dealer for complete details. INEOS reserves the right to lengthen or shorten the model year for any product for any reason or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Optional features, accessories and their availability may differ by vehicle (bodystyle and powertrain) and country or require the installation of other features in order to be fitted. Note that some standard features may be replaced when specifying a vehicle or selecting trim levels. Please contact your local Retail Partner for more details or configure your vehicle online.

Additional options offered for the vehicle may affect performance, emissions, exterior dimensions and off-/on-road geometry. Loading equipment on the roof may change the vehicle's handling characteristics and users should not load the vehicle, any options or accessories (or any part of them) beyond their intended capacities.

Off-road driving and use of related equipment (including options and accessories) requires advanced training and experience. Improper use of the vehicle or other equipment may be unsafe and could result in property damage and/or injury to users and/or other parties. It is the user's responsibility to check the vehicle, equipment, route and conditions ahead before proceeding. Consult the Owner's Manual, applicable accessories manual/instructions or your closest Retail Partner for more detail.

The aniline saddle leather is untreated and is subject to staining and discoloration as it absorbs moisture and oils and will fade and/or discolor when exposed to the sun. Due to the nature of the material, we are unable to include the Saddle Leather Driver's Pack within our full vehicle warranty and cannot accept responsibility for any staining, fading, discoloration or any other defects typical of this leather type caused by natural wear or otherwise. By selecting the Saddle Leather Driver's Pack you acknowledge acceptance of the above information. Please refer to the Warranty T&Cs for more detail.

The Utility Belt option has restricted usage on-road, dependent on local laws.

Only use in-car features when safe to do so. Driving while distracted can result in loss of vehicle control, damage to property, injury or death. Always obey local laws and speed limits.

When used herein, "Retail Partner" shall mean any INEOS authorized dealer, agent, retail seller, importer, repairer or service provider.

The LED Light Bar only works with the 2024 INEOS Grenadier. Warning – this part has been designed and is intended for Off-Road Application Only, not for use on public roads. This part may not be installed by INEOS or an INEOS dealer, and may not be sold or financed in conjunction with the sale of a vehicle. INEOS Automotive Americas, LLC does not authorize and strictly prohibits the installation of any part designated as "Off-Road Application Only" by INEOS, an INEOS dealer or authorized repair provider. Installation and use of this part on a vehicle intended for use on public roads may violate U.S., Canadian, state or provincial laws and regulations, including those relating to emission requirements and motor vehicle safety standards. Such installation is solely the responsibility of the vehicle owner. The vehicle owner is responsible for using the part in compliance with federal, state, provincial and local laws. In addition, installation of this part may adversely affect the warranty coverage on your vehicle.

Prototype vehicle images included throughout. Some features may not be representative of final vehicle specifications.

All SiriusXM services require a subscription, sold separately by SiriusXM after the trial period. Your SiriusXM service will automatically stop at the end of your trial unless you decide to subscribe. If you decide to continue service, the subscription plan chosen will automatically renew and be charged according to your chosen payment method at the then-current rates. Fees and taxes apply. See the SiriusXM Customer Agreement & Privacy Policy at www.siriusxm.com for full terms and how to cancel, which includes online methods or calling 1-866-635-2349. Available in the 48 contiguous United States, D.C., and Puerto Rico (with coverage limits and capable receiver). Visit http://www.siriusxm.com/FAQS for most current service area information. Availability of some services and features is subject to device capabilities and location restrictions. All fees, content and features are subject to change. SiriusXM, Pandora and all related logos are trademarks of Sirius XM Radio Inc. and its respective subsidiaries.

[2]Vehicle will include 3-month trial subscription for SiriusXM. Your service will automatically stop at the end of your trial subscription unless you decide to continue service. If you decide to continue service after your trial period included with the new vehicle purchase, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Trial service is not transferable. Fees and taxes apply. Please see the Customer Agreement at www.siriusxm.com for complete terms and how to cancel, which includes online methods or calling SiriusXM at 1-866-635-2349. All fees, content and features are subject to change. Channel lineup varies by plan.
